**THIS CHART IS TO BE COMPLETED BY THE OFFICIAL SCOREKEEPER AS THE GAME PROGRESSES**  
 Game#, Team Name, and each Pitcher's Name and Uniform Number are to be recorded.

Place an "X" in the block that corresponds to each inning that a pitcher has delivered a pitch.

Reminder to Team Manager's. The chart is the only official record recognized for innings pitched by a pitcher. with or without verification by a team manager. Therefore, challenges as to a Team Pitcher Status by a Team Manager as to the accuracy of the record will not be honored once the chart has been filed with the Tournament UIC.

The Tournament UIC must retain pitching record of all games. Charts must be available for review by Team Manager's of their team and those of an opponent of their next scheduled game, anytime prior the start of the game.
